FROM : DON B. DEVORE, PROJECT CONTROL ENGINEER

SUBJECT: RECAP OF STATE MATCHING FUND ALLOCATIONS, OBLIGATIONS AND BALANCES FOR FISCAL YEARS 1964 THROUGH 1969 TO DATE

In conformance with your recent instructions, there is submitted herewith a recap from our records of the state matching fund allocations, obligations and balances for fiscal years 1964 through 1969 to date for each of the Interstate, Primary, Secondary and Urban Highway Systems.

The tabulations are grouped in various combinations as shown on the Index immediately following this letter.

In these tabulations the "Allocation" amounts are the net allocations after all bridge law and/or federal cut-back adjustments have been made.

You will note that the Fiscal Year Summaries - By Financial Districts do not include the Urban System since the Urban funds are not distributed by financial districts. The Urban System is, however, included in the Summaries - All Systems - By Fiscal Years.

The Highway Planning and Research fund accounts are not included since there is no distribution of these funds involved.

If you have any questions concerning these tabulations, please contact this office for any further information desired.
